

## C14 TO C15 HOT CONDITION POWER EXTENSIONS

The C15 female plug has the same pin array as a C13, with a notch at the base to plug into C14 or C16 inlets.

HOT condition cables have 3 x 1.5mm<sup>2</sup> cores instead of the usual 1.0mm<sup>2</sup>, allowing them to carry 15A of current rather than 10A.

Different coloured cables allow you to clearly identify alternative power paths for different and redundant applications.

### SPECIFICATIONS:

|              |                    |
|--------------|--------------------|
| Sizing       | 1.5mm <sup>2</sup> |
| Jacket       | PVC                |
| Cable        | HO5VV-F            |
| Connector    | C15                |
| Plug         | C14                |
| Power Rating | 15 Amp             |

|      | BLUE                    | RED                     | YELLOW                  | BLACK                   | WHITE                   | ORANGE                  |
